Brunswick®

FlexSlide™ Technology™

The **Brunswick FlexSlide™** sole is an innovative system of engineered materials, maximizing slide consistency in any direction. They are environmentally friendly, more durable than current competitive materials, and it slides the first time, every time.

All Brunswick men's, women's and youth shoes feature the innovative new **Brunswick FlexSlide™** sole.

Brunswick®

Bowling Shoes

Slides Out Of The Box™

When we started to develop the new Brunswick Bowling Shoe Product Line, we asked bowlers what they wanted in a shoe. In addition to comfort and performance, bowlers said they wanted a shoe that gave them “slide” the first time, and every time. Not just after an initial “break-in” period.

We sent our industrial and design engineers to work. They developed a sole that gives bowlers the slide factor they wanted. They developed ***Brunswick FlexSlide Technology™***.

The ***Brunswick FlexSlide™*** sole is an innovative system of engineered materials, maximizing slide consistency in any direction. They are environmentally friendly, more durable than current competitive materials, and it slides the first time, every time.

“Brunswick Bowling Shoes slide out of the box!”
